

Call for abstracts on recent / current research work.

The **IAH-SA Virtual** conference organizers welcome **abstract submissions for oral and poster presentations**.

We invite abstracts on recent / current research work that supports our conference theme “Current and recent groundwater research in Southern Africa”

The Topics of our virtual conference are:

1. Aquifer parameters & characterisation
2. Geophysics and drilling
3. Aquifer management
4. Contamination
5. Groundwater sustainability

IMPORTANT

1. Abstracts must be maximum 300 words.
2. Please note that abstract submissions close **22 July 2022**.
3. Delegates will be notified that their abstracts have been accepted by **25 July 2022**.
4. Authors confirmed must register & pay by **29 July 2022** in order to qualify for the early bird registration.
